

City To Negotiate On Country Club Property Purchase

Plans Call For City Operation Of Club Grounds On October 12

City commissioners accepted a resolution of the newly appointed recreation committee to purchase the golf course and Country club of the Everglades property for approximately \$24,860.00 at a special meeting Monday night.

If negotiations work out as scheduled, the city will assume operation on October 12.

The resolution provided that no intoxicating beverages be sold and that no gambling be allowed on the proposed recreation grounds. It also specified that the outstanding indebtedness be retired over a period from three to five years.

The special recreation committee was appointed to investigate debts of the club and the cost of its operation. Committee members are C. W. Roy, chairman, W. R. Dickinson, Charles J. Fontaine and Martha I. Freeman.

Commissioners agreed that an ordinance be passed for a permanent recreation committee be drawn.

The commission moved that the city should proceed with the necessary legal steps for taking over ownership and operation of the golf course and club grounds providing the question of outstanding bonds can be settled. The motion also provided that the action would be taken only if an auditor's report showed that the outstanding debt does not exceed \$24,860.00.

City Attorney Beck received authorization to draw up purchase and sale agreement incorporating terms on which the city agrees and including an agreement of country club officers by which they will be responsible for all outstanding bonds in excess of \$300.

APPEHENDED MEN END UNLUCKY WEEK HERE

One thing led to another for Ceylon Albritton and partner who were arrested here last week for a gasoline engine theft in Wauchula.

Local police officer Congleton arrested Albritton and his companion Henry Kirkland, for reckless driving here. While they were being held in the local jail, the department was notified that the men were wanted for a \$100 gasoline engine theft in Wauchula. They were returned to the sheriff there.

There's just no justice for the lawless.

NEW PACKING HOUSE TO OPERATE HERE

A new packing house will begin operation here this season under the management of Grossinger and sons.

Coming from Hartsville, Ohio, where the father has been in the produce business 40 years, the firm will specialize in red radishes, endive, escarole, leaf lettuce, parsley, spinach and green onions.

Negotiations are now going on for a plant location, according to young Grossinger.

Shootin' Blanks

Belle Glade is certainly growing, and I'm not basing the comment on the latest census figures. The knowledge was discovered by a unique poll which I consider quite accurate.

I set down and tabulated the figures on the data in this manner.

I supposed that a Pied Piper enter the city and turn particularly attractive to the Kirchmans, and they all filed out of the city gates. If an occurrence should take place, approximately one fourth of the population would be left.

The Pied brother should come to our land and render a melody kayed for the Hookers, a small group still would remain.

If the city.

If the Pied cousin should trek in and fling a delightful note to the Friedheims, the city still would not be a ghost.

FIRE DEPT. TO OPERATE TOY REMODELING PROGRAM

One of St. Nick's auxiliary work shop is getting ready to swing into operation here, as the local fire department start organization of their toy remodeling program.

The assistant chief asks that people start looking over their store of discarded toys and notify the department for pick-up service.

This will be the first year that the department has undertaken the project, according to Nick Paff, assistant fire chief. Nick Paff, head of the fire department's social organization, got the idea. A lot of people around here don't have the money to buy toys for their children at Christmas time and due to the off season last year, there will be more such cases this Christmas, Paff said.

Members of the department will pool their tools and operations each performing a different remodeling function. The fire department will be used as a work shop and storage room, although much of the work will be done in private homes.

A newly painted drum will soon be placed in front of the department for used toy donations.

Bender Appointed Veteran Officer

Guy D. Bender, received appointment as Glades Veteran Service Officer at a recent meeting of the committee, according to Chairman Ralph E. Freeman.

Bender replaces Wilbur Kirkman who resigned to accept an appointment as postmaster.

To take office Monday, Bender has served as city tax collector, tax assessor and deputy clerk of the department of the World War II as an air force pilot.

Bender attended Pahokee High School, University of Florida, University of Miami and University of Pittsburgh.

He recently resigned his city position to accept the office.

Halloween Party Plans Are Formed

Plans for the annual P. T. A. Halloween Carnival are progressing according to schedule, says Mrs. Jack Thorne, overall chairman.

In celebration of the ghosts on their special eve at the grounds the committee with the aid of the Recreation Center will operate of civic clubs has planned several special features.

Other committee members are Mrs. E. A. McCabe, co-chairman, Mrs. E. M. VanLandingham, Mrs. J. M. B. and Mrs. William Gruber.

Festivities will begin with a costume parade with all the students participating at 7 p. m. on the football field, Mrs. Thorne says.

RESOLUTION

WHEREAS, there has been offered to the City of Belle Glade the property known as the Country Club of the Everglades, which includes some 40 acres, more or less, and a clubhouse at the price of approximately \$24,000.00 to be used as a community Recreation Center, and

WHEREAS, this Committee finds that there is a need for additional recreational facilities for the citizens of Belle Glade of all ages groups, and there is not available space for such a center on a commercial basis;

Whereas, the acquiring of this property will provide additional space for the development of a variety of recreational facilities, and

Whereas, this committee agrees that the land in question is worth at least \$12,000.00 and existing buildings are worth at least \$20,860.00 making a total of \$32,860.00 which does not include improvements consisting of the nine hole Golf Course, valued at \$20,000.00 per hole, and equipment valued at \$3,000.00, making a total valuation of \$62,860.00, and

Whereas, upon consideration of the above findings this committee in its opinion is justified from an investment standpoint.

Therefore, be it hereby resolved: We recommend the purchasing of this property at a price of not to exceed \$24,860.00, which includes all outstanding indebtedness, that may be retired over a period of from three to five years.

Further, we recommend this purchase only provided no intoxicating beverages are sold or gambling allowed on this property because of the desirability of developing the Recreation Center for all organizations and all age groups.

Further, we recommend that the City prohibit by Ordinance the sale of intoxicating beverages and the allowing of gambling in any City Park or recreation area.

I hereby certify that the members of the Belle Glade Recreation Committee have been polled and that the above resolution meets with their approval.

Martha I. Freeman, Secretary

Belle Glade Recreation Committee

Slaughter Cattle In Great Demand At Monday Market

47% Of Total Of 281 Head Were Bought By Packers

The first Monday sale—instead of the old Friday sale—was marked by the industry offering of slaughter animals and by the average high price of \$13.13 for all sold.

The demand for stockers by local cattlemen kept this market at its previous price range, with not enough to go around.

Practically all the national packers were represented and a great many Florida packers. The bulk of the demand for the industry as a whole is the increase in medium grade cattle in both the stocker and slaughter types. These were lowest percentage of any recent sales.

A concerted effort on the part of the Board of Directors of all of whom are substantial cattlemen themselves, to secure a regular flow of fat cattle so that the buyers would not see these each week will look to the Glades, seems to be bearing fruit.

Beginning next month the market should be well supplied with grass fat cattle preliminary to the winter months. Grass fed cattle is in demand in the Glades will furnish a supply of fat short fed animals for the buyers, but the demand greatly increases with our winter visitors.

Several individuals and groups are now working on a mixed feed operation which would take the Glades grown ground snap corn, black straw and some of Georgia's cottonseed meal to give local cattlemen a steady and reliable source of supply.

\$38,000 in sales thru the auction market with at least that much more thru private sale is still not a bad condition in the normally dead season.

BPW Group Plans Business Women's

With the theme, "Measure Up For Full Partnership," National Business Women's Week is set for October 15 to 21 when the local Business and Professional Women's Club plans a full program.

The week set aside for community projects and social events will include a proclamation by the mayor, vocational program for senior girls, open public meeting, a promotion of a professional donors is between \$25 and \$45 a plan.

For the plan to be successful, the group needs a list of social clubs, business organizations and individuals, Fiedler states.

The plan will be to carry out the service with the exception of \$5 fee for persons receiving blood. The cost represents the expense incurred by the blood units which can be used only once. Standard charge for a blood unit is \$25.00. Professional donors is between \$25 and \$45 a plan.

CONTRACT IS LET FOR COUNTRY GLADES BARN

Contract for the Everglades County barn, to be located just north of the prison farm on the Pahokee-Belle Glade road, has been let to Alexander Williams of West Palm Beach, according to County Commissioner Paul Rardin.

Six acres of land has been secured from Internal Improvement Board for the site.

The barn will be used by the county for a long range program for publicizing the city's points of interest to tourists at the regular monthly meeting Tuesday night.

The anticipated designation of a federal highway east of the lake running through Belle Glade and the surrounding area, prompted the action.

A clinic was proposed through which formalized would be dispensed to personnel dealing with the touring public. Directors suggested that representatives from Okeechobee County, Canal Point and South Bay be invited to participate in the project.

President R. E. Hotard plan to attend a similar clinic in St. Pierre to investigate possibilities of drawing on the personnel of the local clinic instruction. Directors also suggested calling on the Miami and West Palm Beach chambers of commerce to assist in the project.

A pamphlet outlining the points of interest in the area was proposed. The booklet would be sent to those dealing with tourists such as employees of filling stations, the police department, restaurants, and drug stores.

Directors considered setting up tourist tours with trained personnel. Through the proposed organization visitors to the area would be taken to packing houses, Okeelanta Sugar Co., State Prison Farm, Glades Livestock Market, C. N. A. plant, loading zone for agricultural workers, a braham ranches and areas where crops are raised.

Long range plans call for a scenic highway around Lake Okeechobee using the dyke as a water supply. The committee will be asked to ask the U. S. engineers to make a section of the dyke in the Belle Glade vicinity available for a drive for immediate use.

Considered on the meeting agenda was the possibility of adding sound floride to the water supply. The committee is a new innovation which is supposed to help eliminate decay in children's teeth, according to the dental director.

All chamber of commerce members called into the armed forces will be carried on the active list. The committee is to a proposal passed by the directors.

The plan was appointed director Jack O. Johnson, who has been called into the Navy.

Farmers Sue Sugar Co. For Damages

The story of the destruction of crops by weed-killing spray by the United States Sugar Corp. last spring is continuing.

The spray used on cane fields was carried by wind to surrounding crops. Charging the sugar company with negligence, the injured pepper crops, four Lakeview Colony farmers are seeking damages.

The suit was transferred to the federal court from the Palm Beach County Circuit court.

The Sugar Corp. has asked the court to include the Monsanto Chemical Co. of Delaware as a defendant liable to all damage claims. The Monsanto Company is the maker of the spray used by the sugar firm.

When the cane fields were sprayed in March, the suit alleges the fumes floated over neighboring pepper fields causing \$12,100 damages to the crop of Joe Kautz, \$13,310 to that of W. H. Webb, Jr., \$13,310 to that of C. H. Hitchcock, and \$4,840 damages to the crop of Henry Kautz.

NEGR0 DROWNS IN SIX MILE BEND ACCIDENT

Failure to make the sharp curve at Six-Mile Bend sent the auto driven by Nathan Mills, 50, Negro, of Miami into the canal on State Road 80 at 4:30 yesterday afternoon.

Mills died by drowning in the canal despite the efforts to revive him. The Taylor Funeral home is in charge of the body.

The driver, who was a passenger, escaped with lacerations of the right arm and was released from the Belle Glade Memorial Hospital.

Valton Sheffield, who investigated.

"HIT'S A PURTY THING AINT IT OUR LEGION BOYS OUGHTA BE PROUD

Your grammar wouldn't agree with the form of this expression about our new postoffice building, but we're betting that you will agree to the sentiment. Anyhow that's the general opinion of all with whom we've talked.

If you haven't seen the building, go around and take a look. You will find what you and I would call a fireproof building, concrete floors, block side-walls, bar-joint ceilings covered with acoustic board and the roof made of a concrete slab ready to receive a second story.

All windows and door frames are metal, as well as the windows. The outside of the building is finished with quarry stone and fluted imitation columns.

When you're looking remember that this building is an example of community initiative and responsibility. The Legion stepped in where other private interest failed and provided us with a new building, saving the city money.

Elks Honor Local Press With Award

Hailing the power of the press in perpetuating a democratic and free thinking society, Clyde Trammell, West Palm Beach attorney, spoke before a special meeting of the local Elks Lodge and members of the Belle Glade Herald staff.

Trammell, on behalf of the Elks, presented the Joseph E. Kyle award certificate of appreciation to the Herald in observance of national newspaper week.

"The Herald has accomplished much in publicizing the greatness of the Glades and has taken the facts to a wide reading audience," Trammell said.

Emphasizing the responsibility of editors through editorial expression, he stated that they have an opportunity to accomplish progress and community betterment. Editorial opinion in this country is unhampered, for a politician is sufficiently powerful to dictate to it.

Recalling his day on the Lakeland Press as "printer devil," Trammell pictured newspaper operations.

In quoting the words of the late President Franklin D. Roosevelt, Trammell said, "treat the press fairly and guard it well. When history is written, the press will be revealed as a necessity of our life and one of the greatest forces for good."

Herring, Fisher Hardy Are Elected South C. Council

South Bay citizens elected Melvin Herring, incumbent, Russell Fisher and M. J. Hardy as town councilmen in the municipal election on Tuesday when a total of 190 out of 265 registered voters went to the polls, according to Mrs. G. J. Rector, clerk.

Herring received 151 votes, Fisher 149 and Hardy 145. De-fused incumbent, Robert R. Roadman, Jr., polled 77 votes.

O'Neal Walker, elected mayor, received 120 votes. William Jeffries, incumbent mayor, who withdrew from the race earlier, polled 119 votes. Seven written in votes were recorded for S. J. Fisher and two for Joseph Hester.

RDB Report Shows About 85 Percent Cultivation In County Is Found In Glades Section

Report To Be Available To Those Seeking Data On County

Value of agricultural, horticultural and livestock in the county is estimated at \$46,746, 486 with 85 per cent of the intensive cultivation contributed by the Everglades. Yet, over 500,000 acres of the Glades past and much are still available for cultivation.

The estimates are included in a recent county wide survey conducted by the Palm Beach County Resources Development Board. The data being compiled by sections is available to those who make financial decisions on cultural produce figures are industries here, according to Ralph J. Blank, director.

Rams Smooth Kinks For Tiger Battle

The Golden Rams were busy this week working out the kinks revealed in the game with Vero Beach last Friday.

"We made plenty of mistakes but hope to have them all worked out for our grid battle tomorrow night with Clewiston, Coach Levitt states.

Trailng Vero 6-0 at the half last week, the Rams returned steamed up and puffed their way to a 19-13 victory.

Sewing up its 1950 opener, the Rams scored in the third quarter and pushed over two more in the final frame.

Lugging the ball 55 yards to the Vero 10 yard line, Halfback Leathers started the Rams on a victory march.

Cameron took the pigskin from there pushing over the remaining six yards two plays later.

The game tie turned. Vero again scored in the fourth quarter on a pitch-out pass to "Bull" Henderson for a TD.

Pushing the Ram score, Bill Mizell raced 50 yards to the yard line. He passed to Bill Burke for the score, and Travis Poole played a good kick.

Vero again scored in the fourth quarter on a pitch-out pass to "Bull" Henderson for a TD.

Center Jack Moody and a tackle Ross Winer played a stellar defensive frame for the Rams in the opener.

Center Jack Moody and a tackle Ross Winer played a stellar defensive frame for the Rams in the opener.

GLADES LEGAL POST HOLDS REGULAR MEET

Members of the Everglades American Legion held their regular meeting Tuesday night at the Legion Hall.

Guests present were Tom Watson have been appointed chairman and member of the radio publicity department of the South Florida Flood Control District, according to a letter from Reid Mann, department adjutant.

Commander R. V. Creech, Jr., announced new appointments to the Pratt General Hospital entertainment committee including Ed Lively, Richard Harris, N. B. Willis, Johnny Hooker and Tom Bregger.

Reporting on progress of the Pratt General Hospital, Bill Young stated that the post office inspector toured the building he had inspected in the South Florida Flood Control District, according to a letter from Reid Mann, department adjutant.

LIONS INITIATE FIVE NEW MEMBERS AT MEET

Lions initiated three members at their regular meeting Wednesday night.

The new members were Stanley Young and Charles Newman, student member.

Bob Muller presented a film entitled "The Last Ten Feet," depicting oil industry operations in the United States.

District Governor Emmett Roberts spoke at the Palm Beach club Monday night on the "Spirit of Lionism."

Junior Red Cross Activities

... but the greatest of these is charity.

Under the very capable sponsorship and supervision of Mrs. Mercedes Robinson we are looking forward to having an effective Junior Red Cross this year. It isn't always easy to make our youngsters realize how important it is to be charitable—to be willing to contribute to the needs of others. Even as adults we are inclined to lose sight of the fact that there are many people throughout this world who are in dire need of our aid. Through our Junior Red Cross we hope to develop a more charitable spirit among our children. At present Mrs. Robinson is supervising the children in filling small gift boxes which will be sent overseas to other youngsters, particularly in the war-devastated areas. Each class has been asked to take as many boxes as the children are able and willing to fill. Holloween favors and decorations are being made also which will be distributed to hospitals. In the art classes the girls are coloring very attractive paper place mats for the table in the traditional orange and black—and they are enjoying it too because they are doing something for somebody else. You will be hearing more about our Junior Red Cross.

School Patrol—For some time now, we have been endeavoring to develop a strong school patrol, for inside and outside our school plant. This year under the leadership of Miss Lillian White certain of our older boys and girls will serve on the newly organized serious traffic hazard due to the location of our school. Miss White with the principal has approached the Chief of Police of Pahokee, trying to get his permission to allow our boys to direct traffic during the time of dismissal. It seems, however, that because our boys are young, they cannot be given this privilege on the main highway. A caution light, however, has been promised for traffic entering the school area.

Fall Carnival—For one of the school-community activities a fall carnival is being planned for October 30 and 31. A committee consisting of Mrs. Person, Mrs. Robinson, and Mr. Murrell is making plans for what we hope will be a major money-raising effort. Each class will be responsible for a booth. Refreshments, games, fortune-telling, prizes, and a Tom Thumb Wedding will be among the outstanding attractions. Don't forget the two dates—MONDAY AND TUESDAY, evenings, October 30 and 31. We hope to see many of our "Glades" neighbors on either or both nights.

Visitors during the week included Prof. Thomas, principal of Clevelight High School. With him was Mr. Edwin Samuels of New York City.

Enrollment Fund—Statistics continue to indicate an increase in enrollment over last year. During the first month of our last school year our enrollment was 120. This year during the first month our enrollment is up to 140—an increase of 16 2-3 per cent.

First Baptist Church

Mrs. L. E. Adams, Reporter

There will be a pledge Rally on the 4th Sunday October 19-20. All members are invited to cooperate with their Ward Leader. This rally is to help bring the pledges (made by members) up-to-date.

All youths planning to participate in the Youth's Day program is asked to see Leola Miller. This will be a community wide youth day.

The Y. W. A. sponsored a tea last Sunday, Oct. 1, 1950 at the home of Mrs. J. Morgan. The tea was a success. Those attending were: Misses Alberta Bernice Rhodes, Dorothy Chestnut, Ruby Washington, Earnestine White, Mary E. Thompson, Aldrine Mae MacKenzie, Lucille Jones, Mrs. Eudelle Thomas, Mrs. Hattie M. Moore, Mrs. Flora M. Stennett, Mrs. Pearlina Wilson, Mrs. Teresa Fields and Mrs. Francis Morgan.

Miss Elouise Farrington sister of Mrs. A. Z. Morgan will care

for children under school age at her home 536 S. W. 8th St. Parents are asked to stop by and talk with her.

SCHOOL IS WONDERFUL TO LITTLE KEANETT

School bells sound good to six-year-old Keannett Lealand who was not sure she would be able to join her playmates in the first grade because of her brace-encased legs.

Keannett, daughter of Mr. and Mrs. Cleodis Lealand, is unable to walk alone because she contracted polio in 1944. Despite her disability, she is attending classes this term and is studying under the instruction of Mrs. Reddies, special teacher furnished for her by the county.

New Bethel Baptist ChurchMrs. G. M. Douglas, Reporter
Mrs. Annie Mae Everett

Sunday School was open at 9:30 o'clock with the Supt. Dea. Sandy Kendall. The teachers were at their posts. They taught their classes for fifteen minutes. Sub of the lesson, What is Christian Living? The lesson was wonderfully reviewed by the Rev. H. C. White, pastor of New Bethel Baptist Church, La Belle, Fla.

The offering was very good. Class No. one still holds the offering banner. We were grateful to have Mrs. Georgia Mae Douglas, the teacher of Class No. six. Also Mrs. Martha Farrington, the teacher of Class No. three with us.

7:30 devotion conducted by Dea. Will House. The Morning Doves Quartette of Clewiston, Fla. and the Senior Choir rendered a singing program. The trustees were the sponsor of this program. The program was enjoyed by a large audience.

On Monday night at 8:00 p. m. the Women Home Mission Society opened their meeting with Mrs. Carrie Johnson conducting a spiritual devotion. The meeting was turned over to Mrs. Rosa House the acting president. The lesson was read from the guide by Mrs. G. M. Douglas.

The lesson was turned over to Mrs. Susie Q. O'Neal, our bible expositor. She taught the lesson very calmly. Sub. A. God given Commission. The lesson was discussed by each member. The society is looking forward to the dollar rally which will come off on the third Sun. Oct. 15, 1950.

We are proud to have so many of our members returning from the Northern States and to have them take their respective offices.

All visitors are welcome to attend our public services.

Consumers' Problems

By Mrs. Ora D. Lee

Mrs. Lee has done special work in consumer education at Tusculum University, Tennessee, and at the University of Maryland, Baltimore, Maryland.

(Continued From Last Week)

An adequate number of sleeping rooms with separate beds for each child and separate rooms for adolescent children of different sexes. A place for private possessions of each member of the family. In multiple-family houses, there should be a separate housing unit for each natural family with its own bath and toilet facilities, and a separate entrance for each family.

5. The neighborhood and city should have standards to tie in with the home to:

1. Location, site, etc. 2. Street, 3. Utilities, 4. Recreation—Parks, Play areas, 5. Transportation, 6. Laws, codes, regulations, 7. Deed restrictions, 8. Population standards for area, 9. Long range improvement plan.

6. Housing Conditions and Their Effect upon the Family.

1. Housing conditions have much to do with the pleasantness or unpleasantness of family relationships in the home. They play an active part in family development and may

The negroes of Belle Glade are striving to make Belle Glade a better community through various clubs and organizations. The Women Civic League of Belle Glade has organized a girls club. The officers will be installed Monday, October 30 at the installation service. The place has not been given but officers and members of the club are asking every one to be present. The club will do social and literary work as its name, The Rose-Bud Little So Club indicates. The officers are as follows:

President, Emma Jasper; vice-president, Bernice Rhodes; Secretary, Dorothy Chestnut; Assistant Secretary, Mary Thompson; Treasurer, Alberta Rhodes; Chaplain, Ernestine White; Parliamentarian, Lella Fletcher; Instructor, Mrs. W. C. Taylor. The club meets every Tuesday, 3:45 p. m. at the house of Mrs. Taylor.

At 1:00 Sunday afternoon the Past Worthy Councilors Council will hold a meeting at New Bethel Baptist Church. This is the first meeting of its kind to be held in the city of Belle Glade and is one of the higher auxiliaries of the International Organization of the Court of Calanthe.

The Everglades Vocational High-Bob-Cats will meet Melbourne in a thrilling football game Saturday, October 7, at 5:00. The game will be at Memorial Field. Everyone is invited to attend this game. Tickets will be on sale. Adults \$7.50—Children .50.

Mr. and Mrs. I. P. Roberts and family have moved into their new home in the Roadman-Hardy addition.

Mrs. Alice Lamoureux has enrolled at the Palm Beach Junior High for some courses in education.

KENDALL KONES WEDDING DATE SET FOR SEPT. 22

Mr. and Mrs. A. N. Lamoureux of South Bay announce the marriage of their daughter Mrs. Mary Alice Kendall and Edwin N. Kones, son of Mr. and Mrs. N. P. Kones of Cattlewood, South Dakota.

The marriage was solemnized at the home of Mr. and Mrs. W. Dean King in Cleveland.

September 22 in the presence of the immediate family and intimate friends. The Rev. Jack Adams, pastor of the Cleveland Methodist Church performed the double ring ceremony that united the lives of the two young people.

The setting for the candle light ceremony was a double window banked with palms, gladioli and white chrysanthemums.

The bride wore a blue tulle and lace street length gown, pink mitts, a blue velvet hat and white orchid corsage. The mother of the bride chose a pink silk afternoon frock and wore a pink gerbera and carnation corsage.

A reception followed the ceremony. A two-tiered pink and white cake centered the bride's table flanked by the punch bowl, and bowl of gladioli and chrysanthemums.

Mrs. Kones has made her home in South Bay for several years and is the primary teacher in the Lake Harbor school. The bride-groom is employed by the Lindsay Lumber Company in Belle Glade and they are making their home in Chosen.

FINLEY, WALKER EXCHANGE VOWS

The marriage of Miss Naomi Finley, daughter of Mr. and Mrs. T. V. Finley of Pahokee and Calvin "Poe" Walker son of Mrs. Edna Walker of South Bay was performed Friday, September 29 by Justice of the Peace Skeet Weaver in Cleveland.

Members of the family and friends in attendance were Mrs. Edna Walker, John Ellison, Burton Martin of South Bay, Mr. and Mrs. Junior Herring of Pahokee.

The young couple are making their home in South Bay.

PTA HOLDS FIRST REGULAR SESSION

The South Bay Parent Teacher Association met in the first regular session of the year at the school auditorium Monday evening, Mrs. Floyd Wilder presiding in the absence of the president.

The matter of plans for the annual Halloween Carnival was brought up and it was decided to conduct a called meeting at the school on Tuesday, October 10 at 10 o'clock to select committees and plans for the event. All mothers are urged to make it a point to attend this meeting.

Mrs. Blanche Dickinson of Miami, a representative of Informative Films, was present and showed two film strips with explanations as to their use in teaching.

It was decided to make "Visual Education" and the necessary material the project for the year.

A luncheon report to the effect that the school noon lunch program was running at a loss was heard. After some discussion it was decided not to raise prices at present in the hope that other means could be taken to put it on a non-profit paying basis.

Mrs. Leslie Martin's third and fourth grade home room was awarded the prize for attendance for the month.

It was voted to paint the playground equipment, the association to furnish the paint and volunteers to put it on.

Mrs. Ethel Jackson, Mrs. C. B. Garrett and Mrs. Glenn Hess were hostesses and served light refreshments to some 40 members who were in attendance.

CONSUMERS LEAGUE

be the means of promoting or regaining personality growth.

2. It is the function of the home to contribute to pleasant family relationship as follows:

A. To promote a background of peace and security so that the members of the family may relax from the strain of modern life outside.

B. To provide for privacy—where one can indulge in one's own desires for meditation, reading, or following a vocation or hobby. Without such privacy, there can be no proper use of leisure moments.

C. To provide an environment where members of the family enjoy one another's companionship, where their affectional needs as human beings may be satisfied.

D. To provide opportunity for social contacts—a place where all members of the family may entertain friends.

E. Concluding we ask, "What are American homes doing to provide these advantages for family life? How can a home provide a background of peace and security, and relaxation from strain of modern outside life, in the congested and noisy, ill arranged homes so prevalent in America? We know that slums are disappearing, yet too slowly. Poor housing tends to weaken home ties thus effect-

ing the stability of the home. It also effects the home as a social center. Parents and children should sometime play together. Smaller type dwellings and poor economic conditions tend to break the close association of parents out. Many parents of these type homes work long hours away from home. Children are free to do as they please. Thus bad housing makes satisfactory social life at home impossible and tends to disrupt the home. On the other hand, good homes and home ownership leads to good citizenship, interest in government, good neighborliness, health and happy home relationship.

4. The Relation of Housing Upon the Health of the Family

1. Relationships with physical well-being, mental well-being, individual social traits of individuals, the family as a group, the neighborhood and the community are considered human values in a social setting. The following are some evidences of the effect of poor housing on health of the family.

1. Disease Prevalent. 2. Physical Health poor. 3. Infant mortality high. 4. Epidemics Spread.

COASTAL MOTORS & EQUIPMENT
EAST PALM BEACH ROAD BELLE GLADE, FLA.

PERHAPS you've noticed that there seem to be a lot of these brassy beauties running around on America's highways—and it isn't just that boldly gleaming fore-front that spreads this impression. It isn't just the fact that folks who own a Buick get such a bang out of it that they do a lot of driving. Back of all this is another fact. It's a fact that carries a broad hint to anyone who'd like to know what's what in motorcar buys. 1950 Buicks are breaking all past popularity records, as registered in sales.

So we suggest that you do some personal investigating. Find out, for example, how mas-

terful you feel, with Fireball power purring away the miles, at a point touch of your toe on the gas treadle. Find out how the jolts and jares seem to disappear, when you have big soft coil springs on all four wheels, and fat low-pressure tires on wide Safety-Ride rims.

Then there's Dynaflow Drive, which Buick owners vote the biggest automotive hit that has come along in years.

With all this, there's room, and comfort, and road-bugging help combined with a light and willing response to your hand on the

wheel—and prices that start down with the stars. Seems like almost everyone wants to own one of these Buicks—and most people can. How about you? Isn't it a smart idea to see your Buick dealer now and get your name on his list?

Only BUICK has Dynaflow—and with it goes smooth-compassion. (New 132 engine in 1950 models.) • NEW-ATTEMPTING, with MULTI-GUARD front-end, bumper, and shock absorbers. • TRAFIC-MASTERY, with built-in bumper, and shock absorbers. • SAFETY-RIDE, with built-in bumper, and shock absorbers. • SAFETY-RIDE, with built-in bumper, and shock absorbers.

*Standard on Dynaflow Drive, optional on other Buick models. See dealer for details.
